It is not just men in Kent that search on the internet for "[used BMW Maidstone](#)". I went to a local main dealer with my boyfriend to test drive a used VW. Despite me displaying all the distinct buying signals to demonstrate that it was my car, my money, my decision, the car salesman persisted in focusing solely on my boyfriend and failed to communicate with me. I found this really degrading and my work colleague recommended Big Motoring World in Kent. I browsed their website and most of their used cars looked out of my price range. Fortunately I was wrong and I am now the proud owner of a BMW 1 Series.
